**NOTIFICATION OF DOCKET ENTRY**

This docket entry was made by the Clerk on Monday, October 6, 2025:

MINUTE entry before the Honorable Steven C. Seeger: Plaintiff's motion for preliminary approval of class action settlement (Dckt. No. [78]) is hereby granted. The parties reached a putative class action settlement after several rounds of mediation with Hon. James F. Holderman (Ret.) of JAMS Chicago, which inspires confidence in the process. The Court reviewed the settlement agreement. The settlement would provide significant relief to the putative settlement class. The Court preliminarily finds that the settlement satisfies the requirements for a class settlement under Rule 23. Preliminary Approval Order to follow. By one week of entry of this order, the parties must submit another copy of the proposed order to the proposed order inbox, and fill in the blanks when it comes to the dates. This Court could do it, but this Court doesn't know, for example, how soon counsel could send notice to the proposed class. So, instead of judicial guesswork, the parties should propose some specific dates. Mailed notice. (jjr, )
